

What is Qualtrics?

Qualtrics is an online based survey tool designed to allow flexibility in the way surveys are created and help students with their academic research.

Some of the things can you use it for:

- Create a survey using customisable templates
- Gather, analyse and store data in one online location
- Write your own questions or choose from the large library of pre-written questions
- Easily produce great looking visual reports
- Export to Excel or IBM SPSS

Where to access it? (With this link - <https://mdxl.eu.qualtrics.com/>)

- Any device that enables a web-browser
- AppsAnywhere

How do I login?

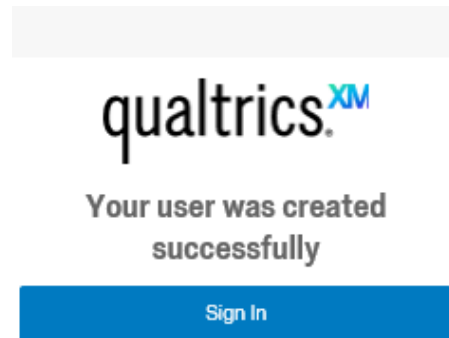

1. The following link will take Middlesex Qualtrics users to the Qualtrics website:
<https://mdxl.eu.qualtrics.com/>

2. If you are logging in for the first time then please select 'No, I don't have a pre-existing account here' and enter your university credentials

If you have logged in previously then select 'Yes, I have a pre-existing account here' and enter your university credentials again

3. Once you have logged in for the first time, you should see this

Help and Support

Help, support and a library of training modules are available through this portal:

qualtrics **SUPPORT**

What can we help you with?

Getting Started: <https://www.qualtrics.com/support/survey-platform/getting-started/survey-platform-overview/>

If there are any further queries on how to create a survey, contact Qualtrics directly on support@qualtrics.com or call 0203 808 3311.

Please note: It is important to state that, students need to open a free Qualtrics account before their email expires 1 year post-graduation, so that any data can be transferred over and not lost.
