PAL TEAM

FROM THE HEADQUARTERS OF PEER ASSISTED LEARNING, SIMBO AJAYI, MAGDA DURKA AND DHANA LETCHMANAN HAVE THE DUTY OF RECRUITING AND TRAINING THE NEWEST BATCH OF AGENTS TO BECOME SUCCESSFUL SLAS ASSIGNED WITH THE TASK TO FACILITATE AND ENCOURAGE LEARNING AMONGST STUDENTS. TO ENSURE THAT THE SQUAD IS TRIUMPHING IN THEIR MISSION, THE PAL TEAM COORDINATES, MENTORS AND DEVELOPS THE SLAS WITHIN THEIR ROLES THROUGHOUT THE YEAR AND HOSTS TRAININGS AND EVENTS TO RECONVENE, GROW AND CELEBRATE THEIR ACHIEVEMENTS.

SIMBO AJAYI
PAL Manager

Congratulations, SLA Class of 2018-19! You have made it through a year of helping others to succeed while keeping your own aspirations in sight.

This year has been about learning and I am hoping that you are able to trace your journey from the beginning of the Student Learning Assistant role and see how much you have learnt about yourself and from the experience.

It has also been a year of growth and the positive changes you have been able to make along the way to yield the great results you have accomplished. As we celebrate your successes, remember that greatness lies not only in the big things you have achieved but it can also be found in the small affective details you have employed in your role to help others - empathy, care, sensitivity, diligence, trust, professionalism.... These will all create a lasting impression about you from students, staff and peers.

This yearbook celebrates every single one of you! It has been a privilege to work with you. I trust that the pages highlight pleasant memories of your participation in a worthy initiative, but most importantly that you will endeavour to continue to learn and grow to be even greater. Here is to greater successes, big and small!

PAL

2018/19 SLA YEARBOOK

MAGDA DURKA
PAL Administrator

Working with SLAs is always fresh and educational, considering that each year we have a new cohort of approx. 300 SLAs. Within my role I get to work on all aspects of the SLA program, from recruitment, training, observations, mentoring, project coordination to the SLA Awards Ceremony. Perhaps the most rewarding moment this year was hearing from one of the SLAs, whom I have observed, that my constructive feedback helped them develop and grow within their SLA role but also positively impacted their personal growth. They mentioned being inspired to try things out, experiment and reflect. What can be possibly more rewarding than that?

PAL

2018/19 SLA YEARBOOK

DHANA LETCHMANAN
PAL Officer

My overall experience working with both the Peer Assisted Learning (PAL) Team and the Student Learning Assistants (SLA) this year has been amazing and incredible. To enhance the student to student support service, we have been continuously incorporating innovations and new measures to benefit existing students and new students' transition into Higher Education, enrich their learning and contribute to the wider student experience. This year I was more involved with some interesting projects, training preparations, observations management, recruitment, on-boarding process alongside with the support of PAL team and I truly enjoyed working closely with SLAs. It was not easy but challenging, interesting and positive. In essence, it was a steep learning curve full of invaluable experiences. It is said that we learn new things every day from one another and I must admit that I have learned a lot from our SLAs too. Looking forward to another adventure as we approach a new academic year soon!

SENIOR SLAS

THEY MIGHT NOT SHOW UP IN A SUIT FOR EVERY MISSION, BUT THROUGH THEIR PROFESSIONALISM THEY ALWAYS REPRESENT THE SLA BRAND; FOR THE SLA OPERATION TO RUN SMOOTHLY, IT RELIES ON THE EXPERTISE OF THE QUALIFIED SENIOR SLAS. THEY ARE THE ROLE MODELS OF ALL AGENTS OF THE SLA SCHEME, WITH HEAVY RESPONSIBILITIES WEIGHING ON THEIR SHOULDERS: FROM MENTORING FELLOW SLAS AND COORDINATING THEIR OWN PROJECTS, TO GUARANTEEING GREAT ACADEMIC SERVICE FOR ALL THE STUDENTS.

CORA-PAULA VACARU

I can say that the work experience I got within the scheme this year changed me. I am glad that I collaborated with video editors, journalists, graphic designers, animators, photographers, camera men, I have been editing videos for the SLA Instagram, coordinating a team, designing the Yearbook from scratch while also writing scripts, presenting the SLA Awards two years in a row and being the host for our Winter Newsletter and Yearbook project. It has been quite a journey which I enjoyed 100%. It has been an enriching experience that equipped me with many more skills than I have imagined, also proving to myself that a limitation is never really a limit. It strongly prepared me for the real job market, being less frightened and more confident in my abilities. I could not recommend enough the Senior SLA role and I am really appreciative towards the PAL team for giving SLAs such a fruitful opportunity.

SLA- 007

MISSION- LAUNCHING

OLIWIA TRACZYK

Having been a SLA for two years prior to being a Senior SLA on my final year of studies was definitely a tremendous challenge – but in the most positive way imaginable. Becoming a coach to others; helping them develop, grow and flourish was immensely rewarding. Not only did I gain the skills of being a mentor, but I have also learned how to lead a project and become a team member of various other projects and activities – from coordinating events to assisting trainings. The skills gained across the whole experience – countless and irreplaceable!

SENIOR SLAs

2018/19 SLA YEARBOOK

ANNA JERMAK

What I loved the most about my job as a Senior SLA was the ability to work with the incredible PAL team and fellow Senior SLAs who have helped me become more confident and taught me how significant and powerful team work is. Another element of the Senior SLA work I loved was the contribution I had in nurturing the personal growth of the SLAs I mentored, as well as helping boost their confidence.

HAARIS MUSSAID

“This role had helped me become a more confident person over the course of the year forcing me to put myself in uncomfortable situations. I really enjoyed meeting new people and how we all come together in order to do our tasks and projects, this role also allowed me to meet new people I wouldn't have otherwise.”

SONALI NAKUM

There are two things that I loved about being a Senior SLA. The first one would be the ability to help students and SLAs alike. Secondly, I loved the opportunity to meet other students and SLAs. I have learned many different things from everyone around throughout this journey and I hope to have helped as many students as I could.

SLA- 007

MISSION- LAUNCHING

CLEMENTE RUIDIAZ

“Having the chance to work close with new SLAs and help them develop and achieve further goals represented one of the most lovable parts of being a Senior SLA. Supporting module leaders and helping SLAs achieve their best while getting feedback from tutors mentioning that the SLAs you are managing are the best is formidable. Nothing can be more rewarding.” Moreover, the involvement within the scheme, mentoring SLAs with different abilities and seeing them getting the best compliments because you helped them be the best they can be and even better than yourself, is what a Senior SLA should aim for. Make your SLAs better than yourself.

SENIOR SLAs

2018/19 SLA YEARBOOK

MUKAI MHLANGA

The SSLA role helped me develop as an individual by boosting my confidence in an environment with people I did not know. I would, at times, need to speak to people for the first time, only to then build relationships later which has helped me gain popularity within the University too. The most important part of this process was the fact that I continued to learn new things when coming into contact with other students from Foundation Year to Final Year.

SLA- 007

MISSION- LAUNCHING

OLGA PASCARU

Joining the SLA Scheme has been one of the most rewarding experiences I have had during my time at Middlesex University. Becoming a Senior SLA has not only improved my professional skills but also the personal skills such as adaptability, problem solving and positive attitude. Since the beginning of my role I have learned to be fast and efficient within responsibilities I had while coordinating my Senior SLA project. This experience taught me to be productive without being busy and has proven that often “it is the will, not the skill” that is the most important in the workplace.

SLA- 007

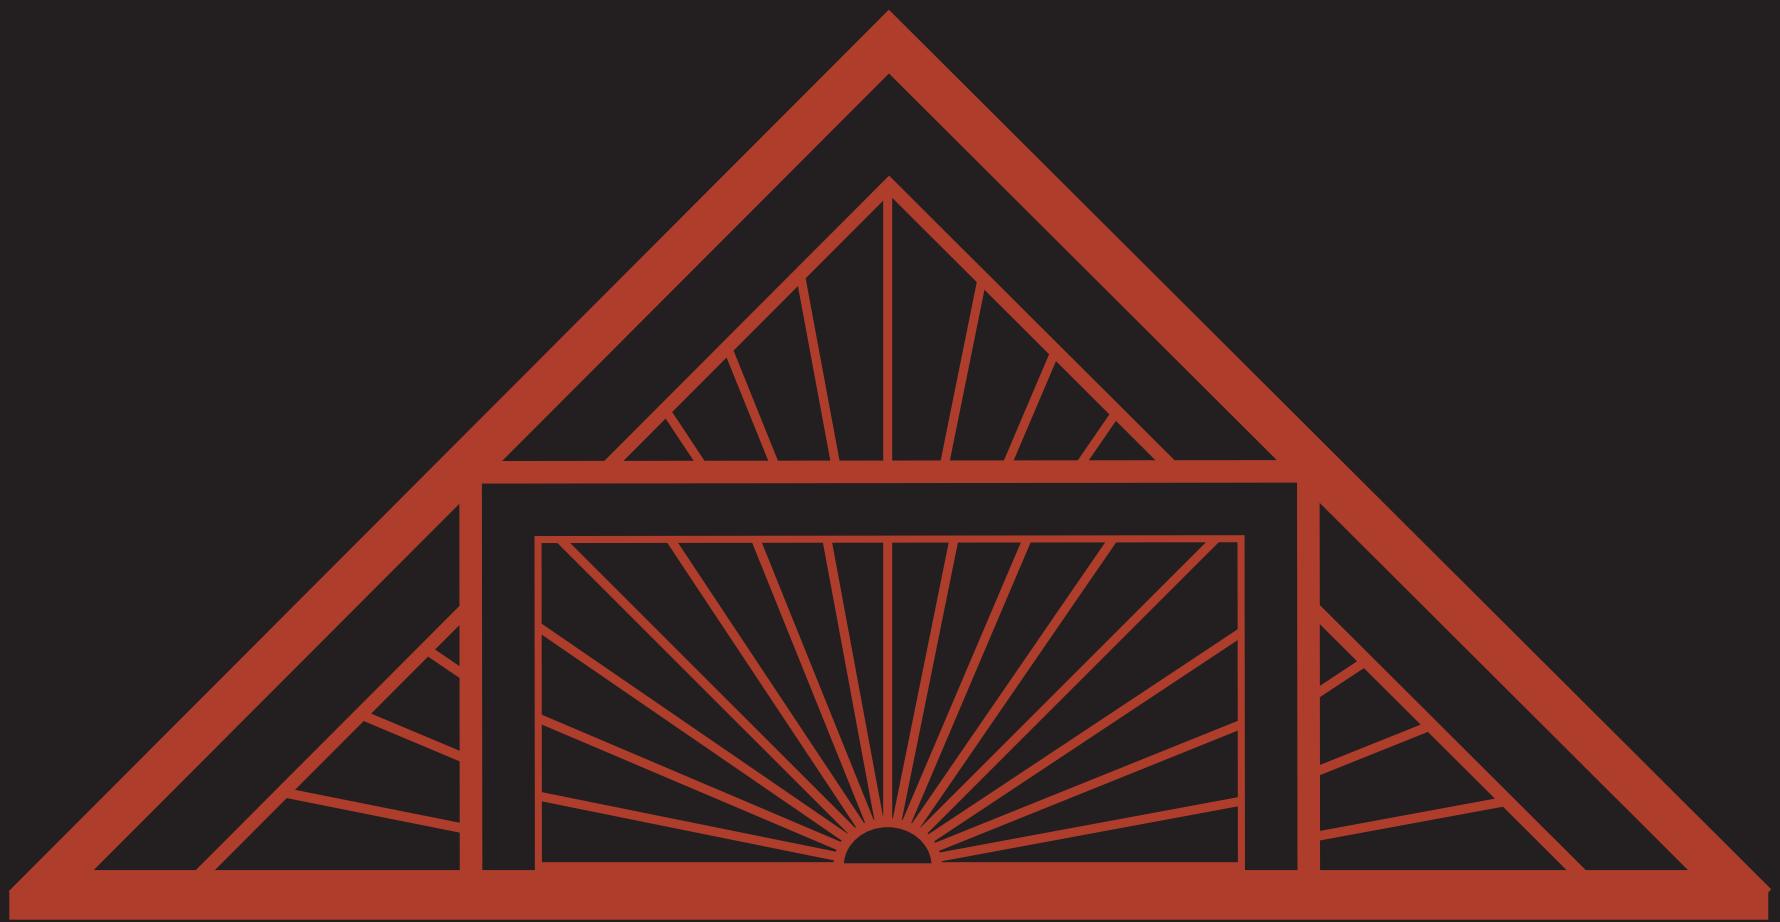

MISSION- LAUNCHING

VITORIA A. CRISTOVAO

My year as a Senior SLA was extremely rewarding, not only I helped foundation and first year students during in-class sessions but I also helped various SLAs I was a Senior for. The role was very rewarding and my project as Events Coordinator gave me a different insight into what goes on behind the scenes in respect to planning, organizing and finally bringing back to life SLA events such as SLA Christmas Party and The SLA Awards Ceremony. I met and worked with wonderful individuals and they made my year as a Senior SLA worthwhile! Thank you all!

WITH A LICENSE TO
FACILITATE LEARNING, THE SLA
SQUAD HAS BEEN ON A
MISSION TO ASSIST STUDENTS
IN ALL SIX BRANCHES OF
MIDDLESEX
UNIVERSITY.

ARTS AND DESIGN

THE SLA AGENTS OF ARTS AND
DESIGN HAVE A GOLDEN EYE FOR
THE CREATIVE AND ASSIST
STUDENTS IN UNLEASHING THEIR
TALENTS AND POTENTIAL.

OLIVIA WILLIAMS
BA Graphic Design

ALICE HARLEY
BA Fine Arts

As a SLA, I loved getting to know the students whom I worked with and finding out all the different ways they created their artwork. Creating bonds with the students and seeing their confidence within themselves and their practices, really has made me feel that I have done a good job. I can't wait to see where their practices go in the future.

REMUS M. COMANESCU
MA Photography

Being a SLA is one of the most rewarding experiences at Middlesex University. This role enriched my communication, teamwork and interpersonal skills. I discovered skills that I thought I never had.

BUSINESS

THE DOUBLE-O'S OF
BUSINESS ARE SUPERVISING
THE FINANCE, MARKETS AND
OPERATIONS OF THE
CORPORATE WORLD.

ANNA FUCHS
International Tourism Management

The SLA role helped me be more independent, as well as become more comfortable and confident when talking in front of people as it has always been my biggest struggle. What I love the most in working with students is that they are grateful for all your hard work and they appreciate your effort.

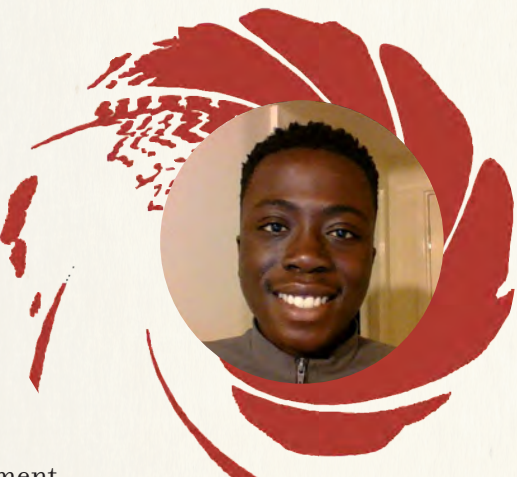

ILKE ERKIN
BSc Economics

The SLA role helped me grow in many ways such as solving problems faster, learning how to communicate better, understanding other's problems and trying to help them more efficiently. I developed mentoring skills and apart from that, the role taught me how to deal with different types of students. I would definitely say that I feel much more confident after undertaking the SLA job.

SHIVANI AGRAWAL
Business Management

Being an SLA has made me a better version of myself. It has made me grow as a student, enhance me as a learner and introduced me to being a guide.

VICTOR APPIAH
BA Business Management

The SLA scheme has helped me develop my teamwork skills and boost my confidence when speaking and working with different students and tutors. Some of the best moments of me working with my students were when I was giving advice and listening to their perspectives on university/life. I was also able to add my own input regarding their work or the course.

ARHAM SHAHID
BA Business Management

The SLA role helped me improve my communication and interpersonal skills. Moreover, it made me become more confident when interacting with people and facilitating learning to them. This role equipped me with leadership and teamwork skills and enabled me to be comfortable when using softwares such as Microsoft Word, Excel and PowerPoint, as well as being comfortable with handling numbers. All the skills that I gained from this role will prove to be beneficial to me in the future.

RUNAKO MUNYORO
BA Human Resource Management

The SLA role helped me build self-confidence, self-efficacy and improved my ability to adapt to new people and new environments. I really enjoyed understanding students' preferred learning styles and adapting to them so that I could support them in achieving their goals.

MUSOMA WAFAI
BS Business Management

The SLA role helped me grow as an adult and as an individual. I gave a helping hand to individuals who needed it and were in my shoes when I was a student one or two years ago. Being a leader and part of a team helped me overcome my fear and lack of confidence throughout the year. Communicating with all type of ages, genders, ethnicities boosted the trust I have put in myself and my learning.

VIKTORIA SKLJAROVA
Business Management (Fast Track)

I absolutely loved working as a SLA. I found that guiding students with their assignments, helping them find the best way of receiving information and assisting them with overall module material eventually improved their studies and motivation. Hence, hearing kind words from students and lecturers about my contribution to the module made me understand that I am moving in the right direction, willing to work even harder and find new creative approaches that I can further implement into my teaching career.

KIRSTEN LASZLO
Criminology

The SLA role was an amazing opportunity which helped me grow and develop as a person. I learnt so much about myself! It helped me learn how to approach certain situations and it was an experience that I am thankful for. It has also given me the highly needed employment skills, such as being able to better communicate with others and efficiently work as a team to get the tasks done.

BSc Information Technology

CAROLYN SARRACINO
Biomedicine
I had a great experience as a SLA! Being able to facilitate learning helped me be more resilient in situations I came across in my personal life. I am looking forward to continuing supporting students in the upcoming academic years at Middlesex.

DAVID DORVEKINGER
Computer Science

Being a SLA is a very rewarding role because of the help I could provide to students to achieve their academic goals. On the other hand, I have been taught by the countless interactions with the students how helpful and powerful a well formed question can be.

CRISTINA ALEXANDRA RADU
Molecular and Genetics Science

The real test of the SLA job is being kind to unkind people. Working as a SLA helped me gain more confidence and made me realise how important it is to cultivate kindness, gentleness and patience. They are the key to every heart and can create a good environment for studying and communication.

GABRIELE MELIUNAITE
Sports and Exercise Rehabilitation
I have never thought that being a SLA will develop my own learning, time management and teamwork skills. What I loved the most about being a SLA was seeing my students' progress at the end of every session and their exam results. I am glad that I had the chance to meet so many amazing students!

JUEL BRAGANZA
BSc Biology

Working as a SLA has been a wonderful experience that has greatly complimented my studies. Interacting and supporting the learning of students, often with different abilities, has been giving me a real sense of purpose and fulfillment. To the new SLAs, I would say make the most of what Middlesex has to offer.

DANIEL ODRINSKI
MEng Computer Systems Engineering

INGA SIWIEC
BSc Biochemistry
The most fascinating thing about facilitating learning as a SLA was experiencing the last year sessions from the opposite point of view now. Although passing knowledge turned out to be almost as difficult as acquiring it at times, the whole process was very enjoyable, as I was aware that I was helping others and also learning new things without the pressure of being graded.

SONALI NAKUM
Psychology

JOSEPH THOR SALEM
BEng Product Design
I loved how I could bond with the students on a personal level and thus help them effectively.

MACIEJ BEZZUBIK
BSc Information Technology

Working as SLA has been a character-building experience – more than anything else, it taught me that with enough perseverance anyone can achieve satisfying results. I am very happy I was given the opportunity to contribute (even if marginally) towards the brighter future of my fellow students.

ZAAHIRAH KARIMULLAH
BSc Biomedical Science

Inspire others and then you will find your own inspiration for success. Being a SLA allows me to do just that!

SUMUDU JAYASINGHE
Bachelor of Engineering Mechatronics

LOUIS MICHAEL HEINRICH
Mathematics with Computing
Life is an adventure and being a SLA will let you recognize the challenges you went through a year ago and help others master those even better. It is a really good thing to support others. It will make you more confident and improve your people skills too. And if you want to learn a subject, start teaching it!

NIDA BUTTER
Molecular and Genetics Science
It has been a great experience and I learnt a lot throughout my time being an SLA. This experience helped me polish my employability skills, communication skills and I have become a more confident individual because of this opportunity. I would advise all the future students to grab this opportunity and take advantage from all opportunities Middlesex has to offer.

KRISTEN REBELLO
BSc Computer Science
Before becoming a SLA, I would have never put myself in a position to work with new people or identify myself as confident and professional. But now, I cannot believe the work I have done, the things I have learnt, the friends I have made and the goals I have achieved. Being a SLA has definitely broadened my horizons and allowed me to focus my passion on different areas and experiences.

PART 2 SLA AWARDS 2019

DIAMONDS LAST FOREVER, BUT THE IMPRESSION AN SLA HAS ON THE STUDENTS LASTS MEMORABLY FOREVER. WE ROUNDED UP THE SQUAD IN OUR VERY OWN CASINO ROYALE FOR AN EVENING OF GLAMOUROUS FUN TO CELEBRATE THE ACHIEVEMENTS OF OUR SLAS THIS YEAR. FOR YOUR EYES ONLY, HERE ARE THE WINNERS OF THE SLA AWARDS.

WINNERS

OUTSTANDING PERFORMANCE AWARDS CATEGORY

FOUNDATION YEAR

OLIWIA TRACZYK

FACULTY OF PROFESSIONAL & SOCIAL SCIENCES

ALINA POPESCU
CHRISTOS EVANGELOU

FACULTY OF SCIENCE AND TECHNOLOGY

DAVID DORVEKINGER
MACIEJ BEZZUBIK

FACULTY OF ARTS AND CREATIVE INDUSTRIES

COREY HENNELLY

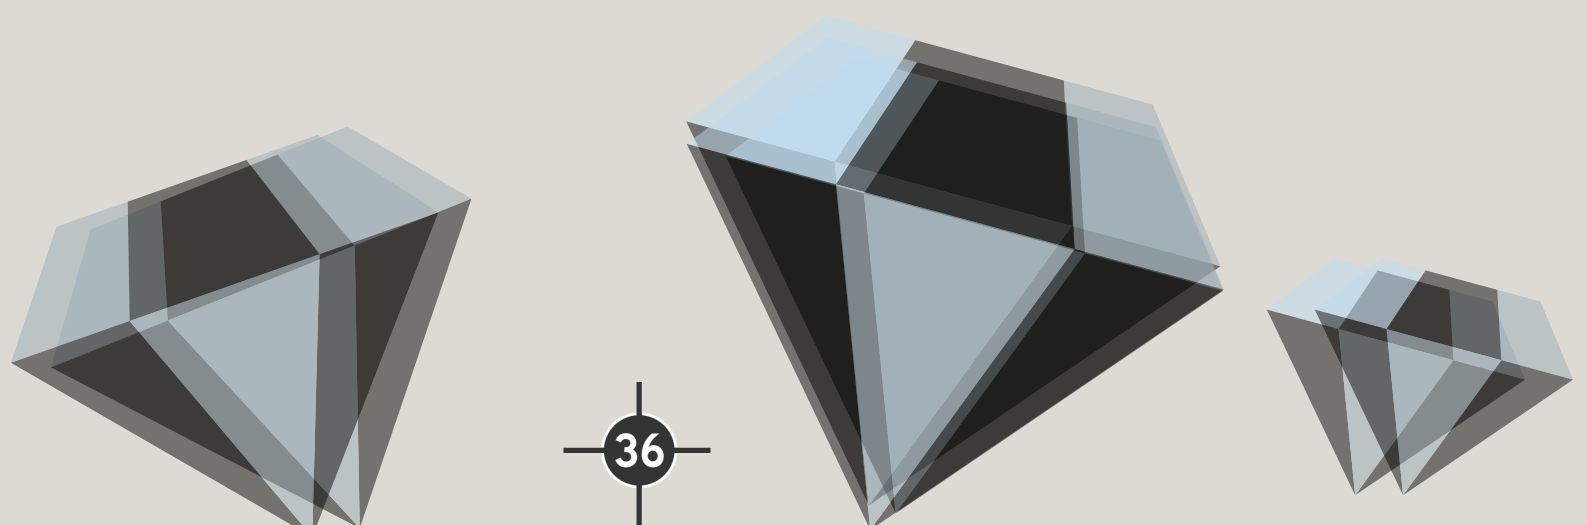

SLA AWARD FOR:

STUDENT LEARNING & ENGAGEMENT

CLEMENTE RUIDIAZ

PROACTIVITY & COMMITMENT

HIYA DESHPANDE

WINNERS

REFLECTIVE PRACTICE
GABRIELA BERWANGER

EFFECTIVE COLLABORATION & TEAMWORK
PUBLICATIONS TEAM

MENTORING EXCELLENCE & PROFESSIONALISM
ILKE ERKIN

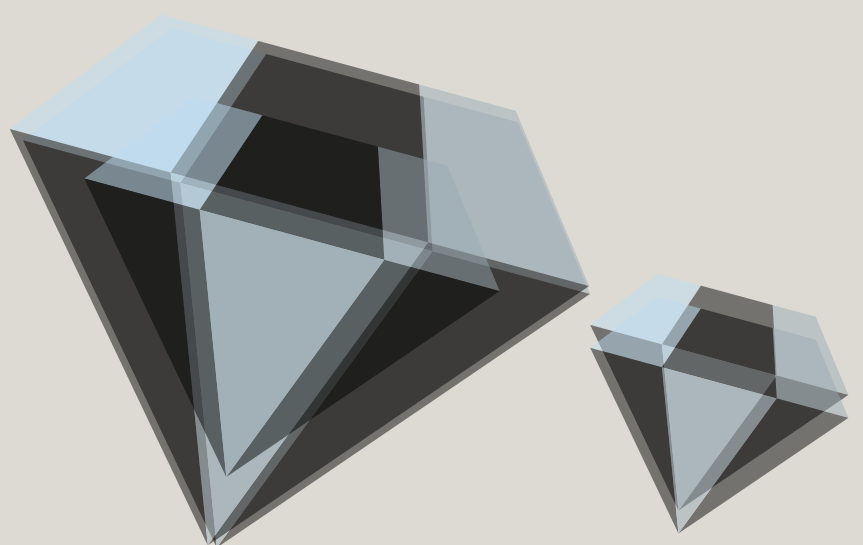

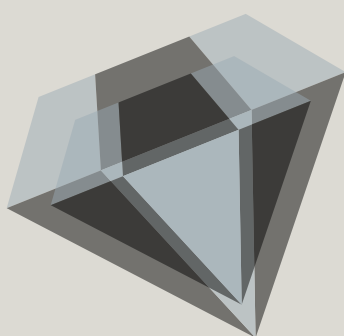

STUDYHUB BUDDY
FILIP JANUSZ

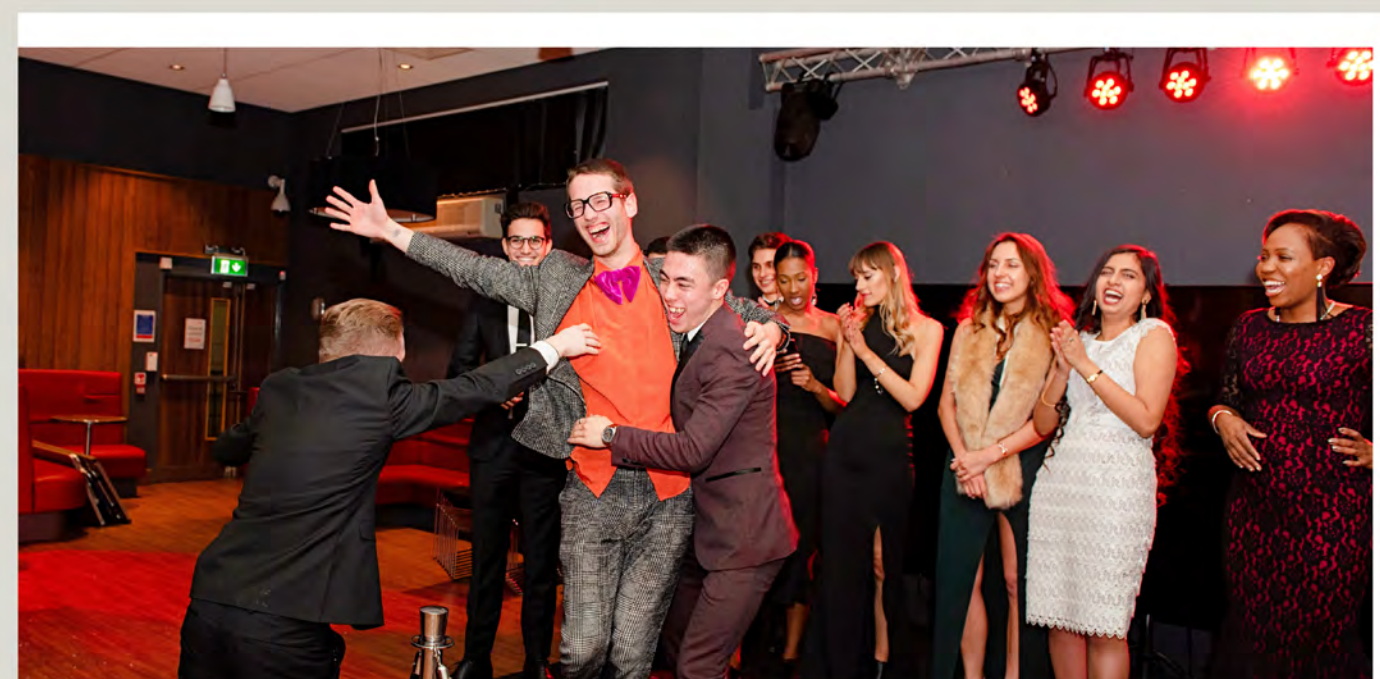

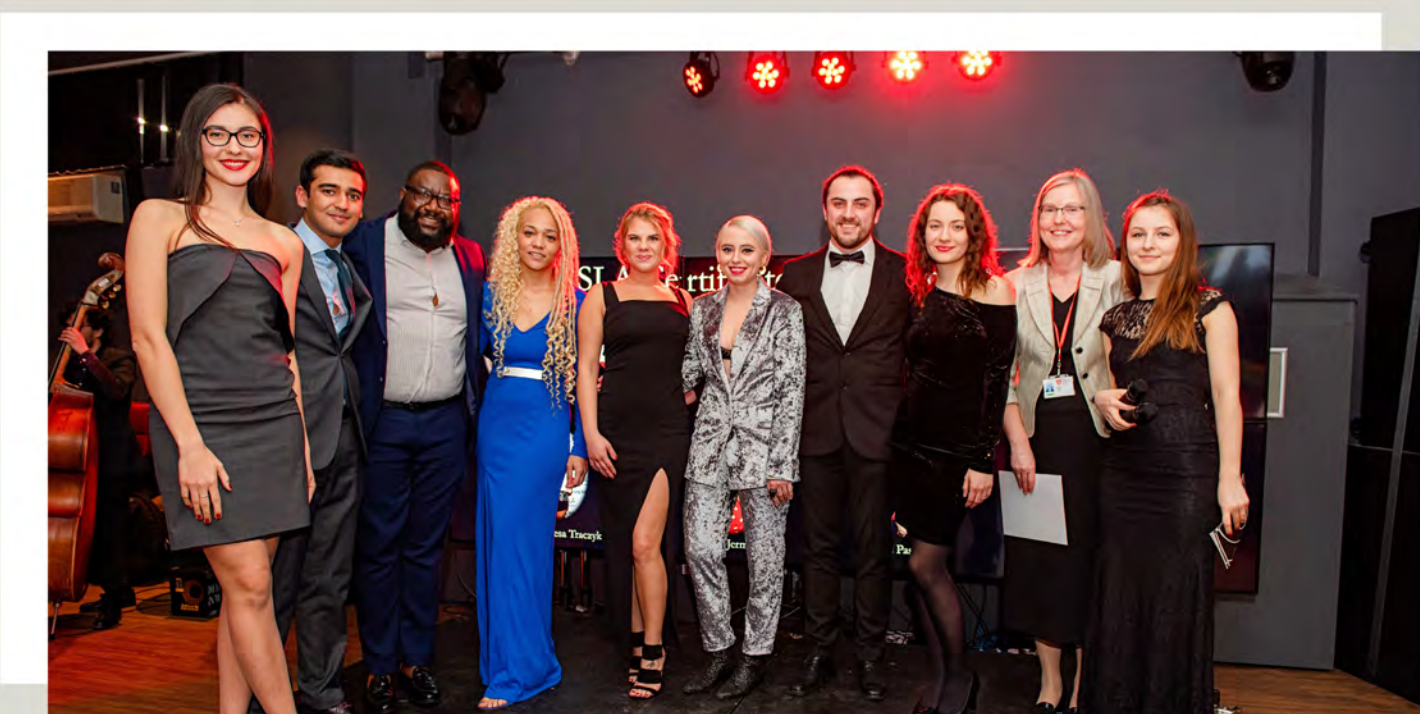

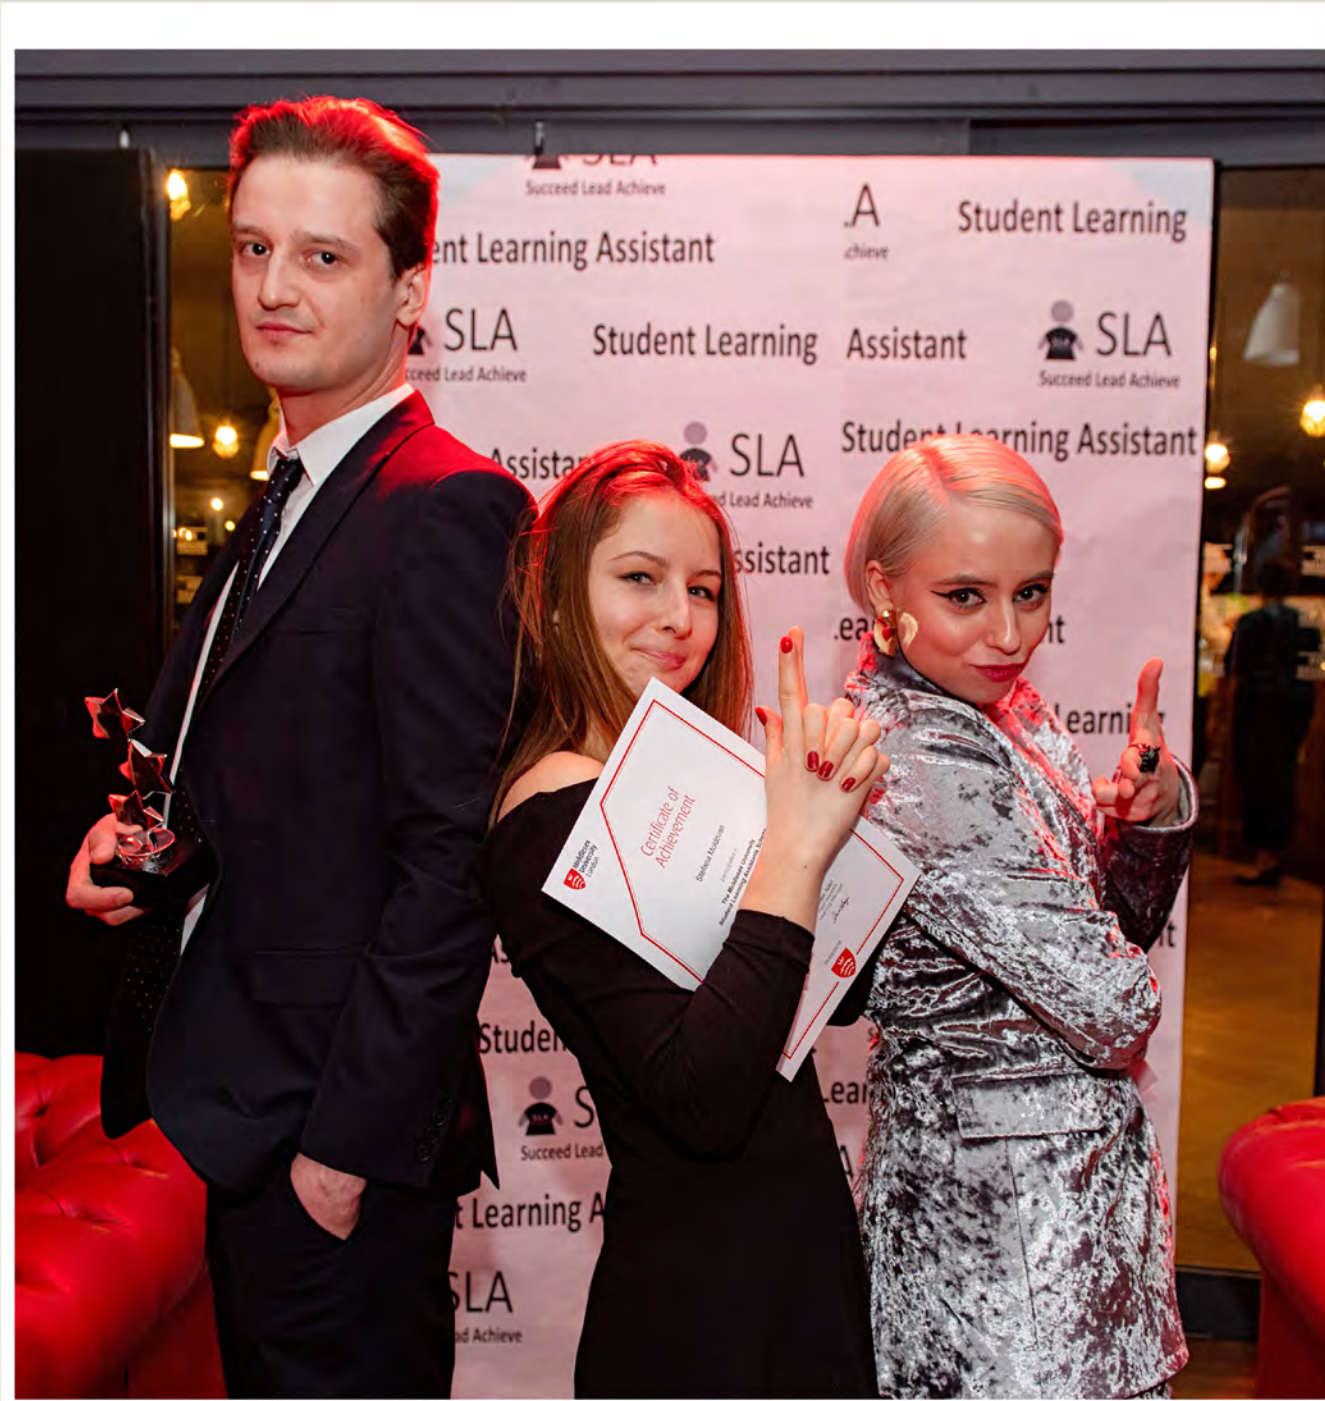

PAL AWARD FOR:

SENIOR SLA OF THE YEAR
OLGA PASCARU

DIAMOND AWARD FOR:

**MENTORING EXCELLENCE,
PROACTIVITY & ENGAGEMENT**
CHIBUIKE OKPALUBA

SLA

PART 3 SLA HIGHLIGHTS

THE PAL SCHEME ISN'T AS MYSTERIOUS AS YOU MIGHT THINK. IN FACT, WE WOULD LIKE TO SHARE SOME OF OUR DARING MISSIONS WITH YOU AND THE GREATEST ACHIEVEMENTS OF PEER ASSISTED LEARNING THIS PAST YEAR.

SLA

PATRIK JÍNEK
SLA Business

'Memorable highlights of mine would be the fact that I developed my hobby and then started a production company. Moreover, I asked around my network and then I found an internship. I practiced interviewing techniques for hours which helped me secure a position at Goldman Sachs.'

AYUSH VAKHARIA

SLA Foundation - Pool & Snooker Team Captain

"This year I have represented MDX University at 2 different tournaments. I have reached Top 28 players list out of 700 entries at Great Yarmouth and MDX team reached quarter-finals."

BARBORA BILANINOVA
SLA Science and Technology

'This year I got a placement as a Junior Laboratory Assistant in a Swedish Research Team. I am going to research osteoblast modelling in the Department of Surgical Science at Uppsala University. This year I also got involved with helping organising SLA events and that brought a new perspective into my knowledge of the SLA scheme as a whole and the different projects that happen throughout the year.'

ANETA ELZBIETA ZABEK
SLA Science and Technology

"I am proud to be able to combine my academic career with professional and private fields. I had the opportunity to work with younger students on STEM related subjects and share my knowledge during private Coding and Mechatronics sessions."

MOHAMMED RASEEK

SLA Business

"I have hosted a football match for charity at MDX University – Accounting & Finance vs Banking & Finance. It raised a total of £250.00."

CHIBUIKE OKPALUBA
SLA Science and Technology

Star student involved in various projects such as Eurobot 2019, Artbot, Deep Brain Stimulation, Card recognition with Baxtor and etc.

**ARTUR PIOTR GRACZYK***SLA Science and Technology*

'This year I joined MDX 'Brain Storm' team as a way to express my engineering imagination and use my new skills. It is also important to mention that I am representing MDX University in the International EU Robot Competition.'

KENNETH RUSSELL ANCHETA*SLA Science and Technology*

'I am proud to represent the United Kingdom in the WorldSkills International Competition in Kazan, Russia. That is because I have reached third place in WorldSkills UK Laboratory Technician National Demo Competition.'

**OLIWIA TRACZYK***SLA Business*

'What was supposed to be a short summer internship as a Recruitment Intern, turned into a seventeen-month placement where I went from an UK Officer Manager to becoming one of their BEST performing employees in the City of London! Combining this role with my full-time studies has taught me that hard work pays off. I now wonder where will my graduation take me next?'

**JERRY UGOCHUKWU OKOYE***SLA Health and Education*

'I have many proud moments that I have experienced this year while helping others in my SLA role. I also achieved a few goals such as: winning the award for Student Of The Year for 2017/2018. Apart from that, I got involved in a PhD study that motivated me to work extra hard. The paper was called: 'The effect of hot water immersion on recovery and adaptation to resistance exercise.' I learnt a lot during this study and I pushed myself above my limits. My knowledge to conduct a research using the systematic protocol has been enhanced. I have decided to do my dissertation around similar intervention.'

VIKTORIA SKLJAROVA*SLA Business*

'I am the Co-Founder, Director and Marketing Executive of holistic jewellery business start-up 'HeALiVA'. I am also part of the Dance Society being a Pom Cheer Dancer. In February 2019, I won the third place in the 'Legacy Cheer and Dance' competition. I also want to mention that I am involved in different projects such as: 'Open Language Programme', 'Get Involved', SLA Scheme's Marketing Project, 'Level-up Programme', 'Emerging Professional' and 'The Tycoon Enterprise Competition'. Apart from that, I am a Dance, Arts and Crafts and Tennis teacher in London at primary schools, simultaneously working for 'All Sports London'.'

**CAROLYN SARRACINO***SLA Science and Technology*

'I have attained a placement at St. Thomas Hospital. It was the best experience of my life and I had the opportunity to witness brain surgery. The overall experience strengthened my interest in the path I want to take. I want to also mention that I have applied for the role of MDXSU Vice President for Business and Law, simultaneously volunteering at different charities and local churches.'
