Glossary

Term used in UniHub/myUniHub:

UniHub	The student website.
myUniHub	The student portal ie the personalised area for students on UniHub which provides access to their learning materials, timetables, modules, emails, enable them to make on line payments, book computers, etc, all through one single sign on.
IT User ID	The active directory account details that enable a student to log on to the network and login to myUniHub. This IT User ID will be the student's initials followed by a series of 3-4 numbers.
Password	The active directory password that enables the student to log on to the network and login to myUniHub. This password will be the student's M number followed by the first three letters of their month of birth in lower case for new students. For returning students, the password will be their current active directory password.
Student Number	This is the M number that students receive when they submit their application.
Page	These are the main tabs that appear across the top of the myUniHub portal e.g. My Middlesex, My Study, My Admin and Finances, etc. There are two pages – Getting Started, for new students and Welcome Back, for returning students that will only remain for a period of 4 weeks from the time they join the University.
Portlet	These are the individual boxes that appear in each page e.g. To do List on the Getting Started page, My Wellbeing on the My Admin and Finances page.
