

How to... Print from mobile devices (UniPrint)

Note... UniPrint allows you to attach and send files to print from various mobile devices using your University Email. There is a 25 MB file size limit for this service.

- 1 Submit an email containing a single file attachment for printing to:
uniprint@mdx.ac.uk

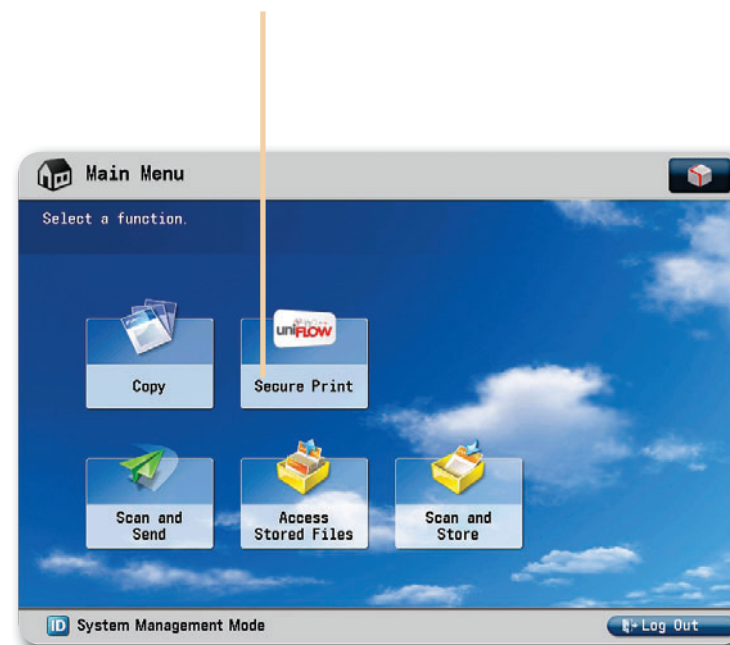

Important

The supported file formats are:

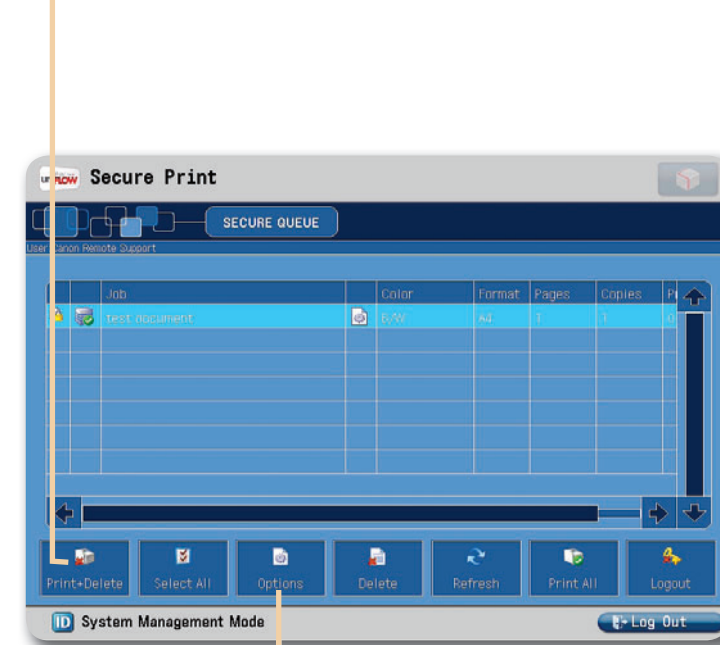

MS Office .doc .docx, .xls, .xlsx, .ppt, .pptx, .pdf, .jpg, .gif, .txt

Password protected MS Office files / encrypted PDF files cannot be printed.

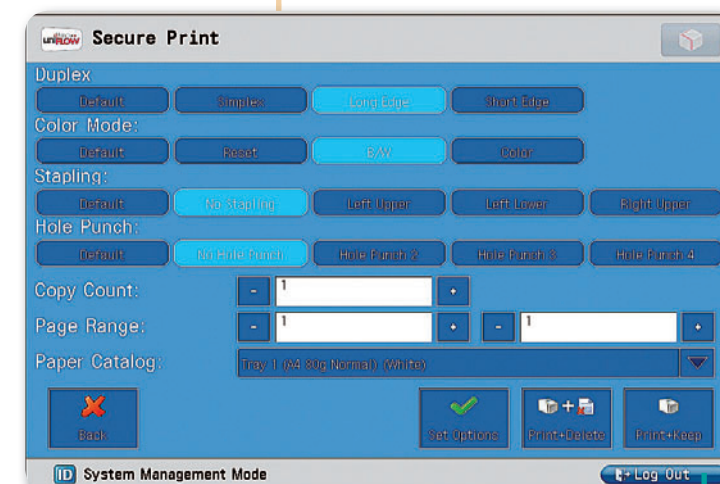

- 2 Login to the Canon device and select Secure Print button.

- 3 Select file and choose 'Print and Delete'.

Note.. If you wish to change your print settings, select the 'Options' button before printing.

- 4 Note... Select 'Logout' button when finished
