1.1 Introduction

- 1.1 Students enrolling on a programme of study are required to comply with the University's Regulations [<https://www.mdx.ac.uk/about-us/policies>] and the financial regulations set out in this document.
- 1.2 You should understand that by enrolling online at Middlesex University MyUniHub, <https://myunihub.mdx.ac.uk>, you agree to be bound by these terms and conditions.

2.0 Tuition fee charges

- 2.1 The amount that you will pay in respect of tuition fees is dependent on the course that you wish to study and whether you wish to study on a part time or full-time basis. Full time degrees are charged a flat rate which covers up 120 credits per annum, and any credit taken above this level will incur additional charges at the prevailing credit point rate. Part time study is usually charged on a credit point basis.
- 2.2 Tuition fees may be subject to annual inflationary increases in subsequent years of study. You will receive notification of the tuition fees in your offer letter.
- 2.3 Once you have enrolled you are responsible for the payment of your tuition fees and any other associated charges, including any amounts due from third parties which are not paid. Failure to settle tuition and pre-sessional fees on time will entitle the University to enforce financial holds as specified in section 13 (Financial Holds) below.
- 2.4 Middlesex University reserves the right to reassess any student's tuition fee liability should new information come to light that may affect the original assessment e.g. the tuition fee incorrectly registered on student's account and needs correction. You should also understand that if you change programme or modules during the course of the year the same tuition fee may not apply, and therefore your tuition fee charge may also change to the relevant tuition fee for the programme or module. Before you decide to change a programme or module you should speak to the University's progression and support team to be clear on any change to your tuition fee liability.
- 2.5 If you are a postgraduate student enrolling to undertake a dissertation only, or if you fail to complete your dissertation within one year of completing the taught element of your programme you will be charged a 'dissertation only' fee.

3.0 Equivalent or Lower Qualification (ELQ)

Government funding for students who are studying for a qualification that is the same level or lower than a qualification that they have already studied has been withdrawn from universities and colleges.

- 3.1 If you are a UK/EU student and returning to study a second undergraduate degree at the same or lower level as one you have taken previously, you are unlikely to be eligible for a fee loan from Student Finance England (SFE). Please seek advice from Student Finance England.

4.0 When to pay tuition fees

- 4.1 Your payment deadlines will be dependent on the category of student you fall under.
- 4.2 Tuition fees for International and Postgraduate students are payable by the first week of term. The payment deadline dates for 2023/24 are:

- 4.4 Where you are unable to make your tuition fee payment by the above deadline you will find yourself subject to such Financial Holds as specified in Section 13 of this document below.
- 4.5 If you are a UK Undergraduate or PGCE student, you are responsible for ensuring that your application for financing from Student Finance England (SFE) is made before the start of the academic year. In the event that SFE assess or reassess a student's application for Student Finance England funding and it is deemed that the student is not eligible for funding, the liability to settle fees will be shifted to you as the student.
- 4.5 If you are paying your fees yourself you will need to ensure that funds are transferred to us as soon as possible and by the deadline. You should request assistance from us if you have trouble raising the necessary funds.
- 4.6 **UK Undergraduate prompt payment discount:**
UK undergraduate private fee-paying students, who pay their tuition fee in full by the payment deadline will be offered a 3% prompt payment discount.

5.0 Instalments – Postgraduate students

You must also ensure that any requests for further documentation and or information are complied with as soon as possible. Applications can be made on-line at <https://www.gov.uk/browse/education/student-finance>
- 6.3 If you are not in attendance at relevant confirmation of attendance dates you will not be eligible for government funding and so become personally responsible for any fees due.
- 6.4 If an employer or organisation is paying your tuition fees you will need to provide evidence of this in writing in line with the payment deadlines above **for every year of study with the University**. A purchase order (as provided by your Sponsor) containing your details including your student ID and the value of your sponsors' contribution should be sent online by you via <https://unihelp.mdx.ac.uk/enquiry/> or through the Applicant Portal where you have access: [Online Applicant Portal](#)
- 6.5 The University reserves the right to reject sponsorship purchase orders or letters if they are not original documents, do not contain the correct information, or if they are found not to be issued by a recognisable third-party organisation. All invoices issued by Middlesex University must be settled in full within 30 days. If invoices are not paid in accordance with these terms, the debt will revert to you.
- 6.6 Please note that if your fees are being paid by a relative or friend this is not considered as a formal sponsorship by the University. In this instance you will be regarded as self- financing.

10.0 Debt policy and procedures

- 10.2 If you fail to pay your tuition fees on time services that the University makes available to students, may be withdrawn and your enrolment as a student of the University may be withdrawn, which means you will no longer be a student of the University – See section 13.
- 10.3 If you are unable to pay any fees or charges by the appropriate due date, you should contact the University at the earliest opportunity, as we may be able to help. The University will be sympathetic and assist where it can, however the quality of teaching is dependent upon funding and so it must act to recover all outstanding debts.
- 10.4 The Student Welfare Advice Team will be able to give advice on sources of funding available.
- 10.5 If your financial circumstances change after you started your course then you may be able to agree a non-standard instalment plan. To find out contact the Student Fees and Finance team [online enquiry form](#).
- 10.6 Please note that documentary evidence to support your request will be required before it can be considered; please have this information to hand when contacting us.**

- International and UK postgraduate students who fail to pay their tuition fees or provide confirmation of sponsorship will be de-registered at the end of learning week four. The option to pay by instalments available at the start of the academic year will no longer be available. **Any student who has been deregistered will be required to pay the annual tuition fee in full plus a late payment charge in order to be re-instated**
- 11.1 International and UK postgraduates' students who fail to pay the second or any subsequent instalment by their due date will also be subject to deregistration.

12.0 Late payment charges

International and UK Postgraduate students who fail to pay their tuition fees or provide confirmation of Sponsorship on or before payment deadline will be subject to a late payment charge as per below to cover the costs incurred by the University in dealing with the payment default by the student. Costs incurred would be to cover administrative time of staff in chasing students and responding to payment queries. This late payment charge will be payable in the event that a student is Deregistered for non-payment of tuition fee. The maximum charge in any one academic year is £400.

Hold severity	Effects of holds
Overdue debt A	There is a financial obligation to the University. Payment or proof of sponsorship must be provided. No restrictions are applied.
Overdue debt B	There is a financial obligation to the University. Payment or proof of sponsorship must be provided. You will not be able to re-enrol, change modules or module components or apply for a new programme. This does not mean that you have been excluded from classes or De-registered.

13.1 Returning students with debt

Students with outstanding Tuition Fee debts from a previous academic year are not permitted to re-enrol. All debts must be paid in full before you can return to undertake another year of study. Importantly this means that you will not be able access your student loan and so cannot use it to pay off any old debts.

13.2 Accommodation Fees (rent)

If you are unable to pay your accommodation fees (rent) by the payment deadlines please contact the Student Fees and Finance Team straightaway. Failure to pay your rent may result in the University issuing a notice to quit, which will lead to you being required to vacate your room. The University reserves the right to refer debt in respect of any student or ex-student to an external debt collection for recovery.

14.0 Withdrawal

- 14.2** If you decide to withdraw from a course you must notify the [UniHelp](#) in writing of your decision. In the absence of written notification of withdrawal to [UniHelp](#) you shall be assumed to be in attendance and as such liable for the payment of tuition fees for the academic year. <https://unihub.mdx.ac.uk/support/fees-payments-funding/fees/withdrawal-and-interruptions>

15.0 TUITION FEE DEPOSIT REFUND POLICY

15.1 International students are required to pay a tuition fee deposit in order for a certificate of acceptance of studies to be issued and to secure a place at the University. The value of any deposit amount paid is deducted from the tuition fee due, upon enrolment. Students who defer entry are permitted to carry forward the tuition fee deposit for four academic years only.

15.2 The minimum Tuition Fee deposit payment will only be refunded in the following circumstances:

- The applicant has been refused a student visa. A clear copy of the complete visa refusal letter issued by the UK Visa and Immigration (UKVI) must be submitted with any request, as evidence.
- The deposit was paid while the applicant held a conditional offer; the applicant failed to meet the conditions of the offer and was not admitted to the University for the relevant course and start date specified in the offer letter.

15.3 Other conditions relating to the refund of Tuition Fee Deposits:

- If after payment of a deposit, the applicant decides to defer entry to the following academic year, the deposit will be held over to the following academic year.
- Once paid, deposits cannot be transferred to another individual. Refunds will only be made to the individual or organisation that originally paid the deposit. If a third party has paid the deposit on behalf of the applicant, we are unable to refund the deposit directly to the applicant.
- Refunds can only be made to the account from which the payment was made originally.
- Refunds will be made at the rate of exchange in force on the date the refund is processed.
- Any charges levied by the receiving bank will be borne by the applicant.
- In no other circumstances will the deposit be refunded. You should therefore only pay a deposit if you are certain you are able to take up your place at Middlesex University.
- Refunds will not be made where the student has arrived in the UK and commenced studies with the University. Any refunds would then need to fall in line with normal

University withdrawal policies – See section 14.

- 15.4 Refunds will not be made if the applicant/or registered student, or any representatives acting on their behalf, are found to have provided fraudulent information, whether knowingly or unknowingly, in support of the University or UK Visa application, or if the student visa is refused based on a previous record of fraud or non-compliance with Immigration rules, whether in the UK or overseas. In such circumstances any offer from the University will be invalidated and we will retain the deposit payment. The process for the removal of an offer when fraudulent information has been used to gain admittance is outlined in the University Regulations point B7. UKVI will also be notified.

16.0 Interruption

- 16.1 Where a student interrupts their enrolment, but does not stop being a student of the University, section 16.2 below will apply.
- 16.2 Where payment has been made in excess of the tuition fee charged (including non-refundable deposits) the overpayment will not be refunded, however the credit balance will be carried forward to be applied against future tuition fee charges. The credit may be carried forward for up to one academic year.

17.0 Refunds

- 17.1 If you decide to withdraw from a course you must notify UniHelp in writing of your decision. In the absence of written notification of withdrawal to UniHelp you shall be assumed to be in attendance and as such liable for the payment of tuition fees for the academic year.

Changes to Programme or Withdrawal of Programmes by the University

- 17.2 Whilst every effort is made to avoid changes to our programme, the University reserves the right to withdraw or make changes to a course. The University will follow its Academic Policy Statement 28 which can be found at the following link: [Making changes to published programme related information \(mdx.ac.uk\)](https://www.mdx.ac.uk/about-us/policies/spp-for-students).
- 17.3 If the University cancels the programme for which the student has accepted an offer, the University's student compensation policy would apply: <https://www.mdx.ac.uk/about-us/policies/spp-for-students>
- 17.4 Where a student wishes to cancel a place on a course and transfer to another Institution, the terms of section 14 (Withdrawal) above will apply.

18.0 Requests

Any amounts due to be refunded by the University will only be processed on receipt of a completed Student Refund Request Form, which is available at <http://unihub.mdx.ac.uk>

- 18.1 If the original payment was made by a card which has now expired or by cheque, the refund will be made by BACS/bank transfer. You are responsible for ensuring that the correct bank details are completed on the form. The University will not accept any responsibility for payments misdirected as a result of incorrect account details provided on the form.
- 18.2 If the original payment was made by a debit or credit card the refund will be made to the card used in the original transaction.

19.0 Accommodation

Refunds in respect of accommodation payments are made in accordance with your Accommodation contract.

20.0 Student Loans Company payments

Where fees have been paid by the Student Loan Company any refunds due will be paid to the Student Loans Company thereby reducing the value of the loan.

- 20.1 When you have confirmed your fee liability with the University you should log in to your Student Finance England account and reduce, if applicable, your tuition fee loan at:
http://www.direct.gov.uk/en/EducationAndLearning/UniversityAndHigherEducation/StudentFinance/DG_186107.

21.0 Sponsored Students

Where a sponsor (not Student Finance England) has paid a fee greater than the fee applicable for the academic year, the sponsor will be entitled to a refund. In this instance the student will not receive the refund unless, the student was partially self-funding for their tuition fees.

22.0 Anti-money laundering regulations

The University will not accept any payment from persons or organisations unless they relate to a valid charge, levied or impending. This is to comply with UK Money Laundering regulations. Any suspicious payments and or refund requests may be reported to the appropriate regulating body.
