

OUR COMMUNITY AGREEMENT

We all have a responsibility to help keep everyone safe on campus and in our local area. This community agreement is about how we can respect and support each other for the benefit of everyone on Team MDX and beyond. It's also important that we work together to follow national and local guidelines.

You'll see that we have put safety measures in place across campus. If you have a reason to come to campus, make sure you read through our guidelines on social distancing and hygiene so you're prepared. When you're there, you'll see signs with more information about the safety measures and what we're asking everyone – staff, students and visitors – to do to support them.

By showing your support for this agreement you're doing your part to protect our student and staff community and the local community around us.

Here are the ways that we're asking you to work together.

HOW MDX KEEPS US SAFE

- Providing hand sanitisation stations across campus
- Making it possible to study, work and engage in extra-curricular activities online when not on campus
- Providing face coverings and other safety equipment
- Following an enhanced cleaning programme on campus and circulating fresh air where possible
- Installing clear signage and one-way systems to support social distancing
- Providing regular updates on safety measures and guidelines to keep you safe
- Following government guidance and working to keep the campus open

HOW WE KEEP EACH OTHER SAFE

- Wash or sanitise your hands regularly
- If you are feeling unwell, stay at home and follow the guidance on notifying us
- Wear a face covering on campus unless you are exempt
- Use any sanitiser gel, spray or wipes provided to clean surfaces and equipment and keep surfaces clear
- Maintain social distancing and follow signage
- Stay in touch with your programme team, keep up-to-date with Middlesex communications and read and act on new guidance
- Follow government guidance when off campus including when travelling, and when at home with family and friends
