How to... Delete the Mobility Print Client

Windows Users

- Hold Down the Windows Key and Press R
- Type **%USERPROFILE%\AppData\Local** into the Run Box and press enter
- In the folder called **PaperCutMobilityPrintClient** delete the file called **auth.toml**
- Install the new Mobility Cloud Print for Windows and follow the onscreen instructions

Mac Users

- Open Finder. Click Go in the Toolbar Menu. Click Home.
- If the Library folder is not listed, click the 3 dots from the menu
- Select Show View Options,
- Tick the Show Library Folder option.
- In the Library Folder, open the Application Support folder.
- In the Folder called PaperCutMobilityPrintClient delete the file called auth.toml
- Install Mobility Cloud Print for Mac and follow the onscreen instructions
