

# Relicensing your SPSS 28 installed software – Windows

**Step 1:** Start the **IBM SPSS Statistics 28**. Follow the points below

- In the Start menu, select All Programs
- In your list of programs, you will see a folder called either SPSS or IBM SPSS Statistics. Open that folder
- In the folder, you will see a program called either IBM SPSS Statistics License
- Click the IBM SPSS Statistics icon
- The IBM SPSS Statistics should then launch

**Step 2:** The software may launch with the welcome screen, close the welcome screen and go to the **FILE** menu. Then select **Manage License**, The Manage License window will appear with the Launch License wizard option, click the **Launch License Wizard**, this should display the **License Status** window, which shows the authorization status for all detected SPSS components. Click Next.

**Step 3:** On the **Product Authorization** window, select the button next to **Authorized User License**. Click next.

**Step 4:** Enter this authorization code: **da2d9ae0358942ed562** into the top box, then Click Add then Next.

**Step 5:** If successful, the installer should report “Successfully processed all codes.” Click Next then click Finish.

**Step 6:** **Restart SPSS**. You have now completed the license authorization of your SPSS 28 software.
